

Acute Knee (Malton) - York Teaching Hospital NHSFT- RCB - 7954517

Dear Colleagues

As a trust we are continuing to increase the number services that we offer; as using e-Referral Service not only allows the patient to choose a suitable appointment, but it also allows the secure transfer of the referral with a full audit trail and visibility for the GP practice so that we can all see the status of that patient's booking.

The new **Acute Knee (Malton)** will be available on e-Referral Service on 15/07/19. The service will be listed under the e-Referral specialty of Orthopaedics. (Full details of the service are attached).

If you require any further information about the service or the referral process please contact our e-Referral team:
