<b>Financial / resource implications</b>		N/A	
<b>Outcome of Impact Assessments completed</b>		N/A	

North Yorkshire CCG  
Delegated Commissioning  
Primary Care Update  
Oct 2021

Prepared by David Iley  
Primary Care Assistant Contracts Manager  
NHS England and NHS Improvement – (NE and Yorkshire)  
12<sup>th</sup> Oct 2021

## **1.) Update to GP contract arrangements for 2021/22**

Two new enhanced services were made available to GP Practices to support recovery from the pandemic in the updated GP contract arrangements for 21/22.

- The Weight Management Enhanced Service encourages practices to develop a supportive environment for clinicians to engage with patients living with obesity about their weight and provides up to £20m funding for referrals to weight management services.
- The Long COVID Enhanced Service will support professional education, training and pathway development that will enable management in primary care where appropriate and more consistent referrals to clinics for specialist assessment. It will also support accurate coding and planning to ensure equity of access. NHS England will provide up to £30m for the service.

In North Yorkshire 50 of the 51 GP Practices signed up to both enhanced services except for Ripon Spa Surgery.

## **2.) Primary Care Network Additional Roles**

Under the terms of the Network Contract Directed Enhanced Service PCNs were asked to complete and return a workforce plan by 31<sup>st</sup> August using a national template providing details of its updated plans for 21/22.

PCNs are also asked to submit their indicative future recruitment plans to the CCG by 31<sup>st</sup> October 2021.

## **3.) Delegation of Primary Care**

With the dissolution of CCGs, Integrated Care Systems (ICSs) will be required to assume delegated responsibility for the commissioning and contract management of primary care medical services from 1<sup>st</sup> April 2022. ICSs are also required to develop plans to assume delegated responsibility for the commissioning and contract management of community pharmacy (including Dispensing Doctors), dental services and community optometry services.

To support this the ICS had to submit, by 24<sup>th</sup> September 2021, expressions of interest via the completion of a pre-delegation assessment framework for each of the contractor groups reflecting the intentions of the ICS. NHSE/I worked with CCGs to develop a plan; the dates submitted for assuming delegated responsibility for commissioning and contract management were:

- Primary Medical Services from 1<sup>st</sup> April 2022
- Dental Services from 1<sup>st</sup> April 2023 and in shadow form from 1<sup>st</sup> October 2022
- Community Optometry from 1<sup>st</sup> April 2023 and in shadow form from 1<sup>st</sup> October 2022
- Community Pharmacy from 1<sup>st</sup> April 2023 and in shadow form from 1<sup>st</sup> October 2022

## **4.) General Practice Electronic Declaration (e-Dec)**

The e-Dec is an annual contractual requirement in which practices provide responses to a series of questions with the purpose of providing assurances of contract compliance. The collection window for the 2021 General Practice Annual Electronic Self-Declaration (eDec) will open to receive submissions from Monday 18<sup>th</sup> October 2021. The deadline for submitting the eDec will be Friday 26<sup>th</sup> November 2021.

## 5.) Phase 3 Covid Vaccination Programme

The following pharmacy led vaccinations sites have been commissioned to support phase 3 of the covid vaccination programme.

Trading Name of Pharmacy	Registered Pharmacy Address
