Aims of PCNs

- ▶ PCNs build on existing primary care services and enable greater provision of proactive, personalised, coordinated and more integrated health and social care for people close to home.
- ▶ NHS England plan for 2019
- ▶ 1250 PCNs across England each with an average of 30-50,000 registered patients

What does this mean locally?

- ▶ Enhanced health in care homes
- ▶ Vaccination services
- ▶ Extended/ Enhanced access
- ▶ Respiratory diagnosis
- ▶ Annual health checks for vulnerable people
- ▶ Early diagnosis of hypertension
- ▶ Improving early cancer diagnosis

Additional Roles in Primary Care

- ▶ Mental health practitioners
- ▶ Wellbeing practitioners
- ▶ First contact physiotherapists
- ▶ Clinical pharmacists
- ▶ Pharmacy technicians
- ▶ Advanced Care Practitioners
- ▶ Paramedics in primary care
- ▶ Nursing associates
- ▶ Care coordinators

Working together

- ▶ Patients
- ▶ Families and carers
- ▶ Community Pharmacies'
- ▶ Voluntary sector organisations
- ▶ Care homes
- ▶ Social services
- ▶ Community services
- ▶ Hospitals

Challenges

- ▶ Post pandemic
- ▶ Workforce and recruitment
- ▶ Changes to practices (mergers, future of GP partner model)
- ▶ Technology
- ▶ Integrated medical records
- ▶ Complexity of funding
