

West Yorkshire Pharmacy Opening Hours – August 2023

Pharmacy Opening Hours

Summer Bank Holiday 28th August 2023

Version number: v1.0

Date: 18/08/2023

Prepared by: NHS West Yorkshire Integrated Care Board (NHS WY ICB) - Primary Care Team

Please note we are mindful of the changing situation for all healthcare providers and would encourage the use of www.nhs.uk and contacting pharmacies to check for specific pharmacy opening times.

Contents

1.1	2023 Bank Holidays
1.2	Direct to Open
1.3	NHS Community Pharmacist Consultation Service (CPCS)
1.4	Minor Ailment Scheme Providers (MAS)
1.5	Palliative Care Providers
2.0	Bradford District & Craven
3.0	Calderdale
4.0	Kirklees
5.0	Leeds
6.0	Wakefield

1 Background

1.1 Bank Holidays – August Bank Holiday 2023

A pharmacy must open to provide pharmaceutical services for its core contractual and supplementary hours each week. Where the pharmacy would ordinarily be open on a Bank Holiday (including Good Friday, Easter Sunday and, Christmas Day) the hours that it would ordinarily be open will, on those days, be treated as having been open for the purpose of counting the core contractual hours that week.

In England, community pharmacy contractors do not have to open on Christmas Day, Good Friday and Easter Sunday or a day which has been specifically designated as a 'bank holiday', unless directed to open by NHS WY ICB.

Whilst contractors do not have to give formal notice of closures on these public and bank holidays, they must ensure that their NHS Profile Manager is accurate which will be reflected on the Directory of Services (DoS). If contractors want to reduce supplementary hours on other days, for example, to close early, notice of that intention should be given to NHS WY ICB at least 5 weeks in advance.

Again, NHS Profile Manager must be updated accordingly to reflect accurate opening hours.

Please note we are mindful of the changing situation for all healthcare providers and would encourage the use of www.nhs.uk and contacting pharmacies to check for specific pharmacy opening times.

1.2 Direct to Open

Pharmacy contractors are encouraged to inform NHS WY ICB whether their premises will be open on Bank Holidays. This information is of critical importance to NHS WY ICB to enable planning and commissioning of pharmacy provision during holiday periods.

To secure adequate provision of pharmaceutical services, NHS WY ICB will continue to work with community pharmacy contractors to ensure there is access to pharmacy services on all bank holidays, Christmas Day, Good Friday and Easter Sunday. This may be through voluntary or commissioned Bank Holiday opening hours. NHS WY ICB may issue a direction requiring a pharmacy to open, but if doing so must ensure the pharmacy receives reasonable remuneration.

1.3 NHS Community Pharmacist Consultation Service (CPCS)

The NHS Community Pharmacist Consultation Service (CPCS) was launched by NHS England on the 29 October 2019, to facilitate patients having a same day appointment with their community pharmacist for minor illness or an urgent supply of a regular medicine, improving access to services and providing more convenient treatment closer to patients' homes. The service is helping to alleviate pressure on GP appointments and emergency departments, in addition to harnessing the skills

and medicines knowledge of pharmacists. Should the patient need to be escalated or referred to an alternative service, the pharmacist can arrange this.

The service is based on a referral form NHS111 (online or from call advisor), GP practice or UEC.

1.4 Minor Ailment Scheme Providers (MAS)

The treatment of minor ailments has been found to account for 18 - 20% of GP workload, with 90% of such consultations being solely for a minor ailment. It has also been shown that 8% of emergency department consultations involve consultations for minor ailments. Many of these consultations could be dealt with by Community Pharmacy staff who are already trained and competent in this area of care.

The scheme will encourage everyone to consult Pharmacy staff as a first point of call for a minor ailment. For a defined list of minor ailments, medication considered necessary for treatment will be provided free of charge for those patients who are exempt from prescription charges. Those who would usually pay for their prescriptions will still be encouraged to purchase their medication, as many of the treatments will cost less than the prescription charge.

Aims and intended outcomes

- To improve primary care capacity by reducing medical practice workload related to minor ailments.
- To improve access and choice for people with minor ailments by:
 - Promoting self-care through the pharmacy, including provision of advice, printed information relevant to the minor ailment and where appropriate medicines without the need to visit the GP practice;
 - Operating a referral system from local medical practices; and
 - Supplying appropriate medicines at NHS expense to patients who are exempt from prescription charges.

1.5 Palliative Care Providers

To enable the prompt supply of specialist palliative care medicines, the demand for which may be urgent and/or unpredictable several pharmacies within West Yorkshire are commissioned by NHS WY ICB to maintain a stock of specified drugs.

This service is commissioned to ensure that patients have access to palliative care drugs when their usual pharmacy does not have them in stock, the patient's usual pharmacy should be the first point of contact.

Details of those pharmacies that provide the service and have confirmed that they will be open this Bank Holiday can be found on this rota.

Alternatively, health and care professionals can access [NHS Service Finder](#), to find a community pharmacy who routinely holds palliative and end of life critical medicines.
